1 Document Purpose

This handbook is designed to clarify what TBK expects from its athletes, staff, volunteers and parents and what you can expect from TBK. While we cannot address every possible issue, we hope this handbook will cover the basic principles and provide contacts and resources for further information.

2 Overview and Mission

It is our mission to provide our youth athletes with a positive environment and balanced guidance that fosters self-confidence, embraces goals, and nurtures a lifelong love for the mountains and snow sports.

TBK is an *Alpine and Freeride team for athletes aged 1st Grade and up who have mastered parallel turns on blue runs*. Over the years our programs have helped to produce over 60 members of the US Ski Team, US Olympic Team, US World Champion Team, US National Junior and Senior Champions, Junior Olympians and NCAA All Americans. This group of coaches and athletes have been successful in Breckenridge since 1988 and are recognized and respected internationally for their contribution to this sport.

Our primary goal is to help each athlete learn the necessary tools to be successful at any goal they choose, whether it is athletics, arts, education, an occupation, or any other personal interest. Our philosophies are based on a long-term approach to athletics. Teaching ski racing is secondary to the teaching of athletics as a way of life. An athletic lifestyle includes characteristics such as respect, resilience, responsibility, honor, self-control, trust, initiative and dedication. TBK maintains that a small, individualized, athlete-driven program is a beneficial environment for learning these characteristics. Each individual athlete is allowed to set their own goals and establish a plan to attain them as long as they are consistent with team philosophies and do not detract from other's goals.

Team Breckenridge Sports Club strives to help each athlete include skiing and athletics into their way of life and encourages everyone to take personal responsibility in every area of preparation and competition. We offer opportunities from one-day per week programs to year-round world-class training programs. The coaches and staff are committed to treating each athlete as individuals and to helping them reach their potential in the sports of skiing and ski racing. All of our programs are based out of the Breckenridge Ski Resort and TBK is grateful for their support. Some programs will also train at Arapahoe Basin or other area resorts in Summit County and beyond at the direction of the coaching staff.

Many of our coaches are well known and respected regionally, nationally and internationally. They are involved in the sport of ski racing at every level by committing the time and energy to sit on committees that govern this sport. Over 25 coaches have accumulated over 150 years of coaching and ski racing experience, each contributing to consistent results and a creative approach to ski sport. Their passion for our youth and this community is evident every day they spend teaching our children.

3 Club Structure

TBK is a nonprofit organization and is managed by a volunteer board of directors. The board president serves as the organization's volunteer CEO. The board of directors are elected by the club membership, either in person or through e-vote. TBK's staff leadership includes program directors for Alpine and Freeride and an Executive Director, who manages the day-to-day business of the organization. The Alpine and Freeride Directors are responsible for all aspects of the ski programs for the club.

4 Program Registration

4.1 Registration

Registration must be completed online. Every athlete must complete the Online Registration through TeamSnap. New families are required to submit an application for approval prior to registering. Athletes are also required to accept and submit the TBK Program Agreement, TBK Handbook, TBK Code of Conduct and Breckenridge Ski Resort release forms. Members also need a signed A-Basin release. A copy of the family insurance card is also required. **All Alpine and Alpine YSL Competition Team athletes must be current USSS members at the time of registration.**

4.2 Fees and Payment

Registration for current members opens June 1st. New member applications open June 15th and new members must register within 48 hours of application approval. Registration closes when the programs reach capacity.

Registration Requirements and Payment Policy:

1. The Online Registration Form must be completed prior to participating in any Team Breck Sports Club training.
2. Payment Options:
 - Online in full - submit total fees online today upon conclusion of this registration session via Visa, MasterCard, Discover. Checks will not be an accepted form of payment.
 - A Payment Plan is also available - an initial payment of \$400 will be due at the time of registration, and the remaining balance will be deducted in incremental payments on the same date each month, with the last payment due in December. The earlier a registration payment plan is established, more but smaller payments will be made each month. If a down payment is made at registration, the monthly payment will be automatically processed using the credit card on file each month; or the participant will be invoiced for the balance due if the payment is not authorized.
3. Current USSS/RMD membership is required and is the responsibility of each Alpine and Alpine YSL Competition Team member at www.ussa.org.

4. Complete Release Forms: Breckenridge Ski Resort Release of Liability/ A-Basin Release of Liability / TBK Consent/ Program Agreement/ Photo Video Release via registration.

Athletes who have not made down payment by November 15th or start of training may not be able to participate in TBK training or attend races/competitions with TBK unless other arrangements have been made. Payments received will be applied in the following order: Membership Dues, Work Deposit and then Program fees. Fees stated above, including any miscellaneous payments, that have been unpaid can result in program dismissal.

Athlete families are responsible for updating their credit card information should their credit card information change during their payment plan. If the payment is declined, athlete families have 2 weeks to update their payment method. Failure to do so may result in program suspension or dismissal.

4.3 Season Passes

Epic Pass:

Athletes in good standing with the team will be eligible for discount vouchers for the Epic Local Pass in November. These vouchers will be sent out as soon as TBK receives them (which is often very close to the beginning of the season). Our discount is equivalent to early bird pricing so we recommend purchasing your passes during Vail's early bird pricing to ensure you have it for the start of the season. Vouchers are available upon request, email admin@teambrecksportsclub.com.

A-Basin Pass:

Athletes in good standing with the team will be eligible for discount vouchers for the A-Basin Season Pass. These vouchers will be sent out as soon as TBK receives them (which is often very close to the beginning of the season). Your program director will send this information.

Additional Passes:

It is recommended that all Freeride (BM Specialists and Full-time) and Alpine (Age Class and Ability) purchase an IKON pass. Many competitions are at IKON resorts and this adds more opportunity for additional training and cheaper competition days.

4.4 Work Deposit

Team Breckenridge could not survive without our dedicated parents and community member's volunteer support. In order to help assure that the club receives the required volunteer support, a Work Deposit (WD) is collected annually from each family at the time of registration. If you register multiple athletes at different times you will be charged per registration. Families that work the minimum number of hours (20) will receive a full credit for their entire Work Deposit. Families that work less than the minimum hours will be credited at a rate of \$20/hour worked.

There are multiple opportunities throughout the year (June 1-May 31) for families to meet their volunteer commitment. Tasks are assigned on a first come, first served basis. There is no guarantee that hours will be available for any given event or task.

Each family shall keep a record of hours worked on their TBK Time Card. It is each family's responsibility to assure that work hours are properly recorded and validated by a volunteer coordinator, coach or board member. If you have volunteered to work an event, you must check in when you arrive AND check out when you leave with the volunteer coordinator.

Parents, grandparents, siblings, athletes, and friends can volunteer for work deposit credit. Volunteer hours are not intended to be transferred between TBK families. Any volunteer opportunity offered by TBK will count towards the work deposit. Individuals performing volunteer work to fulfill court ordered community service may not volunteer for TBK.

Work deposits may not be carried over to the following year. Work deposits will be forfeited if the WD Time Card is not returned via email to admin@teambrecksportsclub.com by May 31st.

Refunds will be sent out when your Work Deposit Log is completed and returned to TBK via email to admin@teambrecksportsclub.com. This must be completed and returned by May 31 or your deposit will be forfeited. Refunds are given for the number of hours worked multiplied by \$20 per hour not to exceed your total work deposit. (Excess hours are not compensated, are not transferable to other athletes, and do not carry over to the next season.).

4.5 Refund Policy /Dismissal

In accepting an athlete/participant for enrollment or participation, Team Breckenridge Sports Club assumes expenses, which are not reduced by the participants' withdrawal during the program season. As athletes/participants, parents and/or guardians, it is understood that TBK is relying upon the payment of program fees to meet its staffing and program expenses. Accordingly, the following are the payment and financial policies of Team Breckenridge Sports Club. All participants are expected to pay, in full, all charges for the term of enrollment whether or not the participant is withdrawn, withdraws, is dismissed, or is absent for any cause whatsoever with the exceptions outlined below.

Incomplete or unpaid fees may result in dismissal from the program.

4.6 Injury Refund

Should an athlete sustain a season ending injury or illness and will not return to TBK program for the remainder of the one season (April 30th), **a request for refunds must be submitted in writing to your program director within two weeks of injury/illness**. Refunds can only be offered and approved by a committee of TBK program directors and will be considered on a case-by-case basis and may be subject to the following refund schedule. Big Mountain Program Director Chawks@teambrecksportsclub.com
Alpine and Intro Program Director Heidi@teambrecksportsclub.com

Intro to TBK, All Mountain Rippers, Big Mountain Specialists, Alpine YSL Programs:

Injury/Illness on or before:	Maximum Refund (% of program fees)
Prior to Program Start Date	100% less \$400 Admin Fee
December 31	35%
January 31	20%
February 28	15%
After March 1	No Refunds

Full-time Big Mountain, Full-time Age Class, Full-time Ability Programs:

Injury/Illness on or before:	Maximum Refund (% of program fees)
Prior to Program Start Date	100% less \$400 Admin Fee
October 31	75%
November 30	45%
December 31	35%
January 31	20%
February 28	15%
After March 31	No Refunds

4.7 COVID-19 Policy

Following local and state guidelines. For all current policies, view the website.

4.8 Dismissal Policy

The TBK board reserves the right to sanction, suspend or dismiss an athlete and/or family member for actions and/or behaviors that violate our Athlete and/or Family Code of Conduct and/or the code of conducts for the skiing discipline's governing body. Prorated refunds for this situation may be considered by the board of directors if written requests are received by email to president@teambreckenridgesportsclub.com within one week of dismissal.

4.8 Summit County Schools Academic Athlete Program

Summit County Schools offer an Academic Athlete program for middle and high school athletes involved in club sports that require training during school hours. Students must enroll in the Academic Athlete program with their respective school in order to participate in training during the school day, and must adhere to the rules of the Academic Athlete program. **This class has strict guidelines for participation and high expectations to**

succeed. Attendance is mandatory and grading is set to the standards of all TBK programs. This program is only offered to TBK members pursuing elite levels of sport.

TBK Athletes wishing to participate in this program must be approved by their program director to participate no later than July 15.

4.9 USSS Registration/ IFSA Registration

Alpine and Alpine YSL Competition Team Athletes must have a current USSA license to participate in TBK YSL Competition and Alpine activities. Go to <https://usskiandsnowboard.org/membership> to register. All Alpine YSL Comp, Alpine Age Class and Ability will need to purchase a Competitor Membership. If you were a member last season, you should be sent a renewal form for the next season. If you have questions, please email heidi@teambrecksportsclub.com.

Freeride Competition Athletes must have a current IFSA license to participate in Freeride competitions. Go to <https://rockymountainfreerideseries.com/members/> to register. If you have any questions please email chawks@teambrecksportsclub.com

4.10 Daily Training Fee and Punch Cards - TBK ALPINE Members

TBK currently maintains a number of distinct programs for our membership. Many of these programs designate a specific number of training days per week for a period of time. For example, our Age Class Weekend programs train two weekend days from November until the end of March).

**Includes all school district spring break and other winter break opportunities, depending on training schedules. Sat conditioning Sept-Nov included.

Any additional days an athlete trains is in addition to the program fees as outlined below {see #8 below for exceptions}.

1. All daily (or additional) training days MUST be pre-approved by the appropriate coaches and the Alpine Director 72 hours prior to training
2. Responsibility for tracking daily fees is placed solely on the athlete and their families.
3. Fees are due in advance of training days to receive a discounted fee.
4. Fees are not transferable except within families
5. Punches may be used anytime during the Fall and Winter programs through April 15th. NEVER will fees transfer to the following fiscal year.
6. No Refunds for unused days
7. Additional Hill Space Fee charges may apply for training outside of Breckenridge
8. A “Day” is defined as a date regardless of hours trained (competitions are included)
 - a. **Exempt days** – The following training days are included in all Age Class and Ability program fees and DO NOT require additional fees for current members; Dec. holiday camp, select holidays, all school district spring break and other winter break opportunities, depending on training schedules.

9. Fees

- b. Daily training fees DO NOT include lift access. Lift tickets must be pre-arranged through the resort(s).
 - c. For TBK members wanting to work into an existing TBK training session, the daily rate is \$100.
- 9. No coach discounts are available for this program.
- 10. The daily fee is not meant to replace a current TBK program or programs. Any member abusing the use of this daily fee may be asked to discontinue training or upgrade to a more appropriate program. The TBK board has the right to review all daily training fee purchases and has full discretion to revoke training privileges if it is determined that an abuse has occurred or a member is not in good standing.

*** Intent to compete – TBK will not include Non-Members on Intent*

4.11 Daily/Special Training Fee – Non- TBK Members

- 1. Must be pre-approved by TBK staff and the resort in which training takes place.
- 2. Available sessions will be determined by TBK staff and may be modified at any time.
- 3. Athletes must be current USSS members of a USSS Registered Club. Foreign competitors must be registered through their national federation.
- 4. TBK cannot guarantee training for any specific session or time period. No Refunds for unused days
- 5. Additional Hill Space Fee charges may apply for training outside of Breckenridge
- 6. A “Day” is defined as a date regardless of hours trained (competitions are included)
- 7. Fees
 - a. The Daily Training Fee is \$125 (Alpine or Big Mountain Competition Programs ONLY)
 - b. Special training fee(s) may be approved by Program Directors on an individual basis.
 - c. Daily training fees DO NOT include lift access. Lift tickets must be pre-arranged through the resort(s)
- 8. Registration Process and Payments
 - a. **Alpine:** An Email must be sent to TBK at heidi@teambrecksportsclub.com to request training with specific requests. Registration documents, Total Fees and Payment Options will be sent via email. Each individual athlete must complete the TBK Drop In Training registration process.
 - b. **Big Mountain:** An Email must be sent to TBK at chawks@teambrecksportsclub.com to request training with specific requests. Registration documents, Total Fees and Payment Options will be sent via email. Each individual athlete must complete the TBK Drop In Training registration process.
 - c. Registration and Payment is to be made online 72 hours prior to any training.
- 9. The Program Director has the right to deny registration and/or review all daily training applications and fees and has full discretion to revoke training privileges at any time.

*** Intent to compete – TBK will not include members of other USSA Clubs on any Intent to Compete*

4.12 Discount Programs

4.12.1 Referral Program

We love referrals! Any referrals will result in \$200 credit per family referred (note not athlete referred). The family you refer must submit your name when they register in order for you to receive credit. Please let them know. Referral checks are granted back to membership January 1st.

4.12.2 Multi Athlete Family Discount Program

At the time of registration, a family that is registering more than one athlete will receive a discount amount of \$75 for each additional athlete (\$75 for 2, \$150 for 3, \$200 for 4). Registration needs to occur at the same time for the discount to apply.

5 Parent Support and Involvement

5.1 Communications

The coaches, board of directors and the administrator make every effort to provide effective communication. This communication is provided through newsletters, the TBK website (Team Snap) and app, emails and coach communication directly to the athletes. **TeamSnap is the ONLY form of communication that athletes should use to communicate with coaches. Athletes are NOT to text coaches directly for any reason. Each conversation must include an additional adult on the conversation per SafeSport rules.**

In order to facilitate effective communications, please assure that you notify the TBK administrator of any changes to your contact information. Updates should be sent to your athlete program director.

TBK coaches take all family concerns into consideration at each level of our decisions. In our attempt to help your child reach their goals, we understand that it is not always the cheapest, easiest or most convenient plan. We develop all of our programs with all aspects in mind and make the best decision we can with what is available.

5.2 Parents at Training

Safety is the NUMBER ONE concern for our athletes, coaches and parents. **Parents may not enter the training/competition arena.** Viewing an athlete's training run is usually very easy from outside the arena. All it takes is one miscalculation or one unsuspecting parent or athlete to cause an injury. Our coaches take this issue very seriously and ask that all parents help us keep our training environment safe. Please do not put the coaches in the position of asking you to leave the arena. Exceptions may be made if specifically asked for assistance by the coaching staff.

Parents volunteering to assist coaches with training or competition must always be under the supervision of a TBK coach. Parents in these positions are assisting the entire team, not their individual athlete. Parents who are not in an official volunteer capacity may not participate in training. This includes parents of Intro athletes. For special circumstances, parents must seek permission from the appropriate program director.

THERE IS NEVER ANY FREESKIING IN A TRAINING AREA. IF YOU ARE IN A RACING OR TRAINING ARENA, YOU MUST BE SIDE SLIPPING.

5.3 Parents and “Coaching”

We ask that our parents allow our coaches to coach and we encourage parents to be encouraging supporters for their athletes. Parents must be aware of their “technical coaching” comments to their young athletes. This includes even our parents with significant skiing experience. Even if the information given is “correct”, it may be at a time and/or a level of importance that is not correct at a given time. It is common for parents to disagree with coaches regarding a variety of issues, including performance at specific events and technical progression. The worst approach, however, is to give athletes conflicting information and put pressure on the athlete to determine “WHO?” they should be responding to: “My coach or my parent?”

5.4 Be Supportive

The most important thing parents can do for their athlete is to be supportive. Don’t put too much pressure on your athletes to achieve a result. Be positive! Encourage the athletes' efforts and NOT the RESULTS. If you have concerns about your athlete’s performance, talk to the coaches. Coaches and staff encourage parents to ask questions, be involved, provide constructive criticism when appropriate, and most of all to be fair and consistent with their athletes and club. Parents are encouraged to attend races and competitions.

5.5 Volunteering

In addition to fulfilling work deposit hours (see section 4.4), volunteering in TBK events can be rewarding, educational and fun. TBK understands that your time is valuable and it is difficult to commit to volunteer hours. The more community and parent support we have, the lower our fees will be with higher quality programs. We hope that your involvement is fun, educational and adds value to your skiing experience. We do expect that all parents are involved and help our coaches and board create a positive, successful and rewarding experience.

5.6 Parent Code of Conduct

Youth sport programs play an important role in promoting the physical, social and emotional development of children. It is therefore essential for parents, coaches, staff, volunteers and officials to encourage young athletes to embrace the values of good sportsmanship. Moreover, adults involved in youth sports should be models of good sportsmanship and should lead by example by demonstrating fairness, respect, responsibility, self control and fostering independence.

Safety is our number one concern. Parents are asked not to enter the training/competition arena without specific approval from the coaches. All it takes is one miscalculation or unsuspecting parent to cause a distraction or an injury. In addition, our coaches require the full attention of the athletes during training and competitions. We ask that parents be aware, conscientious and supportive of minimizing distractions. Our coaches take this issue very seriously and ask that all parents help keep our training and competition environment safe and educational.

Parents are encouraged to be involved in their child's progress with love, encouragement and support. We believe there is an important separation in roles and responsibilities from the parent and the coach. The parents “parent” and the coaches “coach”. Parents may disagree with coaches regarding a variety of issues such as attending events, technical progressions, training schedules, discipline, athlete initiative, athlete responsibilities and others. We ask for your trust and support in our commitment to developing young athletes and citizens.

I, _____ (*parent name*) pledge to be responsible for my words and actions while attending, coaching, officiating or participating in all Team Breckenridge Sports Club (TBK) activities and shall conform my behavior to the following code of conduct as well as abide by all codes, policies and philosophies of USSS, Breckenridge Ski Resort and TBK.

Parents Code of Conduct

1. I will respect and abide by all USSS, Ski Resort(s) and TBK Club policies
2. I will treat TBK coaches and staff with respect. I understand and value the time and energy they put into TBK and will not cause unnecessary burden, hardship or drama. I will not call coaches after 6:00 pm unless it is absolutely essential.
3. I understand the severity of injuries and concussions in sport and agree to abide by all TBK policies and requirements. I will inform coaches of any injury and their progress in returning to participation
4. I will be supportive, positive and encourage all athletes efforts, and not just their results
5. I understand that this sport is for my child, no one else. I will encourage my child to grow, succeed, fail, learn, adapt, deal with adversity, be individuals and foster independence, respect and responsibility
6. I understand I represent TBK as a parent and my actions reflect on the entire team - for better or worse
7. I will keep my emotions under control, not use profanity, yell or physically abuse any child

8. I understand and support the importance of long-term skill development over short term competition success
9. I will respect my child's coach and refrain from coaching my child or other athletes during competitions and practices without prior discussions with the coach
10. I will respect and recognize the importance of utilizing volunteers and coaches with varying levels of experience and education. Education and personal growth is valued for all.
- 11. When I have concerns and criticism, I will address them in an appropriate, professional manner without hostility, violence or aggression and in a constructive manner at the appropriate time and place, {i.e., not before, during, or immediately after a competition}**
12. I will refrain from criticizing officials, and will respect their authority and decisions regardless of whether I agree with them
13. I will treat any coach, parent, participant, official or any other attendee with respect regardless of race, creed, color, national origin, gender, sexual orientation, education or experience
14. I will not engage in unsportsmanlike conduct with any athlete, coach, parent, participant, official or any other attendee
15. I will not engage in any behavior which would endanger the health, safety or well being of any coach, parent, participant, official or any other attendee
16. I will not use drugs or alcohol while at a practice or competition and will not attend, coach, officiate or participate in a club activity while under the influence of drugs or alcohol
17. I hereby agree that if I fail to conform my conduct to the foregoing while attending, coaching, officiating or participating in any club activity I may be subject to appropriate disciplinary action, including but not limited to being banned from TBK training and competitions.

2 Athlete Responsibilities

Uniforms

All non-competition athletes are required to wear an official Team Breckenridge Sports Club Jacket during team training. Competition athletes are encouraged to wear an official TBK jacket. Jackets can be purchased after completion of the registration process, or you can utilize your TBK previous year's jacket. Contact admin@teambrecksportsclub.com for more information.

TBK Athletes Represent the Club on and off the Hill

Each and every member and parent of TBK is a representative of our organization. We expect every one of our members and their families to represent our club in a positive way. This means acting in a responsible, respectful manner at all times. TBK holds all members to the highest standards in terms of professionalism. Of course we are all here to have a good time, but it can never be at the expense of our fellow members or our training and racing environment. Whether a member is in the lift line, in a lodge, at the Recreation Center, in school, in the training arena or freeskiing on the mountain, we expect appropriate behavior. Athletes that represent our club negatively will not be allowed to participate in club activities or events and program fees will not be refunded.

Breckenridge Resort does not permit athletes to cut lift lines or use the ski school lines. Please respect these and all other resort policies. Any member not adhering to BSR and TBK policies may lose privileges, including dismissal from the program.

The Overlook Restaurant, the downstairs of Peak 10 Hut, the patrol warming hut at the top of Peak 10, and Peak 8 Vista Haus are the responsibility of TBK to keep clean and maintain. That means it is the responsibility of each and every one of our members to help keep these areas clean and respect the other guests and staff utilizing the area.

All Team Breckenridge Sports Club athletes are responsible to comply and abide by the USSA code of conduct (although USSS membership is not required for all TBK members) at all times while training, racing, and traveling. In a case of non compliance, an athlete can be dismissed from TBK training, races, and travel.

Goal Setting/Expectations

Each athlete is expected to set a series of goals for their skiing and athletics. Of course other activities and family priorities are a significant part of these goals. Both short term and long term goals are critical to your success. These goals should be achievable, realistic and honest; however they should require hard work and commitment to attain. These goals must also be measurable and constantly evaluated. Some goals may be quickly reached, while others may take years to achieve. Some aspects of success will be out of your direct control. However, the EFFORT you put in to reach your goal is entirely within your control. FAILURE is not trying or putting proper thought and effort into your goals. NO EXCUSES!

Always be honest with yourself, your parents, your coaches and your environment when setting and evaluating your goals. There is no EASY way to success. SUCCESS REQUIRES HARD WORK, COMMITMENT AND SACRIFICES. Understanding these sacrifices and using them to your benefit will be critical to your success. You will get out of any program what you put into it! If you are looking for shortcuts or are not honest with your commit levels and your limitations, you should expect to FAIL. Every decision you make will affect the outcome.

Over time, hard work with a purpose and your own INTERNAL DRIVE FOR SUCCESS will help you succeed. Not chance or innate abilities.

Safety

Safety of our members is our number one concern. We expect all parents and athletes to help the coaching staff adhere to the highest level of safety. Fast skiing, outside a designated training arena, will not be tolerated. Ski area employees have been directed to “pull” member passes if unsafe skiing is encountered at any time. This may include but is not limited to: fast skiing, tucking in “public” areas, jumping in an unsafe manner, not looking uphill when crossing trails, and skiing too close to other guests.

Inside the training arena, coaches will make all decisions regarding a training session based on the safety of our members. We ask that parents only enter a training arena with specific DAILY approval of a coach.

Skier Responsibility Code - Know the Code

Be flexible/Be involved

Skiing is an ever-changing environment. We expect our members to plan accordingly and be prepared at all times. In order to stay informed, you must be involved. If you miss a day or even a session of training, you will be missing out on important information that you are responsible to know. Whether it is at training or at a race, schedules and plans are changing constantly. Our schedule(s) change frequently to give the athletes every opportunity to reach their goals and the goals of this club. We expect the athletes to be prepared for these changes. Our coaches will react and plan with the athlete's best interest in mind at all times. Safety will never be sacrificed, however, we rarely cancel training due to weather conditions.

Check the TBK website/TeamSnap App regularly for updates on training and racing plans.

Helping setup and teardown on training days (Alpine)

Athletes are expected to help setup and tear down the course on training days. Athletes should not leave early on a regular basis without helping to tear down the course first. All athletes must participate in all aspects of ski racing. This includes the setup and teardown of our racing and training environments. We expect everyone to be involved in this process every day.

Academic

Academic education is critical to an athlete's success and TBK may be able to assist in working with schools and other learning institutions. If you would like assistance in supplementing basic educational programs, please contact TBK for resources the club may be utilizing.

3 Training (Alpine)

Pickup and Drop-off

Athletes can be picked up and dropped off at the Beaver Run parking lot. TeamSnap will usually provide the training location on the mountain and lift load time. It is expected that athletes arrive on time and do not leave training early. This is very important to our program. It is sometimes difficult to understand why this is a critical aspect of training. The answer to this is two-fold. First is the setting up of our training arenas. This takes everyone's support and is as important for an athlete to be a part of as the training itself. Second is the dissemination of information. The first (and last) run of the day is when the coaches go over the plan for the day and disseminate information on upcoming training and events. If an athlete misses this meeting, it is very difficult to get them caught up with the group and it takes additional time to update athletes on an individual basis. For the same reasons, we ask that athletes do not leave training early.

Team Van Policy

You must pre-purchase van transportation. Departure will be from a set location. These punch passes may include transportation to and from the following areas: Keystone, Loveland, Copper Mountain and A-Basin. Athletes without a prepaid card will be required to pay the single day ride rate of \$30 (\$15 for each way). Team Van Passenger Responsibilities include, but not limited to: seatbelt use is mandatory at all times. Always follow the seating arrangement requested by the driver. Store gear/equipment according to driver instructions. At no time should there be any sudden shouting or yelling. For any music, headphones must be worn at all times, unless permission is given by the driver. The driver is to be allowed to concentrate on driving and not have to deal with issues occurring in the van. Be respectful of each other, each other's gear and belongings. Remove your gear and any items brought on the van (wrappers, empty bottles, etc.)

The TBK van may be available for school pick up, based on number of athlete interest, weather conditions, coach schedules and driver availability.

Equipment

Athletes need to show up each training day with the appropriate equipment in good condition. Athletes should check the website and TeamSnap App to find out what discipline they will be skiing as close to a training session as possible. We ask that athletes be prepared and flexible at the same time. Our training schedules and plans can and will change at a moment's notice based on a number of variables. For example, if GS is scheduled for training and it snows 6 inches the night before, there is a likely chance that GS training will change to POWDER SKIING in the bowl. We ask that parents encourage the athletes to be prepared for such changes.

Warm-up

Warm-up each day is one of the most important aspects of racing and training. This includes learning and refining an individualized routine that prepares an athlete for the day. This routine will include stretching, edging drills, balance drills, upper body discipline as well as other physical and mental exercise. Most days this activity is done without the coaches, ***or parents***, for athletes in the age class and older programs.

Lunch

Athletes should carry either a sack lunch or money with them. Most of our programs do not have a set lunch schedule. Breaks are taken at appropriate times based on a variety of factors. Parents are welcome to meet their athlete for lunch, but the athlete should not be dependent on the parents to show up in order to get food.

4 Competitions (Alpine)

Competition Overview

Each TBK athlete's race calendar is constantly being updated and modified based on a variety of factors. TBK as a team does not attend (or staff) every event in the Rocky Division. In addition, individual athletes may be attending different races than other TBK athletes in their same age and ability group. It is vital that each athlete be in contact with the coaches to assure their competition schedule is the most productive, cost effective and is consistent with the goals of the individual.

Race Registration

4.1.1 Event Race Announcement

Race announcements for every race will be made available approximately 2-4 weeks prior to an event. This sheet should include specific information regarding the event. Race announcements are available on the Rocky Mountain Division Website. You do not need to wait for race announcements to be distributed to register for an event though US Ski and Snowboard..

4.1.2 Athlete Registration

Race registration must be completed on the SkiReg website. This must be done at least one week prior to the event. Each athlete **must** also let the coaches know of their intentions to compete.

YSL entries are done online on the SkiReg Website. Please check the website and with your coach for information on entering YSL events.

Where and When to Meet

The lead coach for each event will designate a location to meet athletes the morning of the event. This typically will be near the base of the chairlift or a nearby lodge. The daily schedule and all other appropriate information may be distributed at this time. It is critical to the success of each athlete and this team that athletes show up on time (or early), and prepared for the day. Arriving late or unprepared will cause not only undue pressure on the athlete, but may also have a negative effect on other athletes, coaches and parents.

Coaches will not wait for athletes that arrive late. Athletes that miss this meeting time are responsible for all the information distributed.

5 Off-Season Training

TBK offers additional early season, winter, spring and summer camps. These camps are not included with program fees and an additional fee may be required. All athletes are strongly encouraged to participate in these programs. A considerable percentage of an athlete's overall learning will take place between the months of May and December. These training environments are extremely conducive to learning and cannot be duplicated in the winter months.

Dryland Training

TBK Alpine provides coaches at dryland training during the spring and fall. Dryland training is provided at the Breckenridge Recreation Center. Athletes interested in fall dry land training should contact their coach. Additional fees may apply for weekend athletes, Saturday's including in the Age Class and Ability programs starting the first weekend in Sept.

Early Season Training at A-Basin

TBK will offer early season training for specific programs as soon as A-Basin opens. Additional fees may apply.

Spring Ski Camps at A-Basin

TBK is very fortunate to have A-Basin as a spring training facility. With the recent introduction of snowmaking, TBK athletes can train nine months per year without leaving the state. Spring camp information is available on the TBK website beginning in February. These camps usually begin in April and run through May (snow conditions permitting). Additional fees will apply.

Summer Ski Camps

TBK typically runs at least one ski camp at Mt Hood, Mammoth Mountain or Hintertux, Austria during the summer months. This camp usually lasts for 8-12 days. Athletes interested in summer camps should contact their coach or Alpine Director. Additional fees will apply.

6 Equipment (Alpine)

Different athletes have different needs. Equipment used by older or higher level athletes may not be necessary for younger athletes. The bottom line is talk to your coaches before you buy any equipment. Boot evaluations are free and at a cost in house boot fitting can be done, or athletes are encouraged to go to A Racers Edge.

Special Purchases

The club hosts an equipment day or night in September. This is the best opportunity to get the best deal on skis, boots, and clothing. You don't want to miss this. Coaches and manufacturer's representatives are available to answer questions. Merchandise is usually discounted up to 40%, and the selection is unbeatable.

Many of you may have other resources from which to purchase equipment. It is imperative that you consult with coaches before you make a final decision. Many ski sales do not offer appropriate gear for ski racing and will not have staff to offer appropriate advice.

In-Club Equipment Sales

There is always used equipment for sale within the club. This gear is usually affordable and in good shape. All gear is sold as is and TBK is not responsible for any defects. No refunds are available.

7 Sponsorship

Join a winning team as a SPONSOR of Team Breckenridge Sports Club

8 Needs-Based Scholarship Program

TBK believes that every athlete should have access to our programs, regardless of their family's financial situation. Thanks to generous community supporters, we are able to offer needs-based scholarships. Scholarship information is available on the website and all families must complete an application to be considered for support. Families receiving scholarship support are expected to support TBK through volunteerism to the best of their ability.

Scholarship recipients are expected to attend 100% of training sessions unless they are sick or have a family emergency. Failure to attend training may result in losing scholarship support midseason.
